DECORATIONS

APPLIES TO OUR STOCK CAPS AND BEANIES

We offer many different decoration techniques for our stock products
with low minimums and fast delivery times

FLAT EMBROIDERY

2D (FLAT) EMBROIDERY LOOKS EFFECTIVE AND ELEGANT - IT IS ONE OF THE MOST POPULAR TECHNIQUES OF DECORATION FOR CAPS.

Max size 130x55 mm
Minimum height for good quality of text: 5 mm
Embroidery up to 12 colors

3D EMBROIDERY

3D EMBROIDERY - INVOLVES THE USE OF EMBROIDERY FOAM AND SPECIAL STITCHES THAT WHEN COMBINED GIVE THE DESIGN A 3D EFFECT.

THE GODFATHER

MAKES YOU AN OFFER YOU CAN'T REFUSE

The #4199 is the Godfather of all our caps and our best selling cap of all time. They say that you have to pick 2 out of 3 options from the "Quality, Fast and Affordable Triangle". For example, you cannot have quality and fast, and be affordable but this rule has one exception, and it is our Godfather, #4199 cap.

Made from heavy brushed cotton, the cap is soft to the touch but extremely durable. The cotton is mechanically brushed to tease out super fine fluffy fibers, increasing air flow but keeping you warm at the same time, making this cap perfect for all year round. Usually, fabric is made to reduce any rogue fibers but with this brushing technique, the fibers are enhanced, leaving you with an incredibly soft finish.

THE CLASSIC

WHO DOESN'T LOVE A GOOD SANDWICH?

Just like a tasty sandwich made with care and love is the best comfort food, this sandwich cap made with our love and care will comfort your head. Made from the same soft heavy brushed cotton as our Godfather cap - this baseball cap is incredibly soft to the touch.

With a classic baseball look and the added extra details of the sandwich in the peak and an oxidized silver looking metal ring clasp, this cap brings a little something extra to the table.

Just like a good sandwich you can choose between different fillings on many of our cap colours. And if you want, we will make it special just for you, from 144 pcs.

THE GOOD GUY

TRIES TO SAVE THE WORLD

This little guy keeps growing every year and we are so proud of it. Made of earth friendly recycled materials the good guy does it's best to reduce, reuse and recycle to keep the carbon footprint low and help clean up the environment.

Every year tons of plastic enters our oceans killing marine life and causing micro plastics to wander up the food chain. Single use plastic is a big culprit, and this little hero takes those littered soda bottles and turns them into something that will save your nose from getting burnt in the summer while looking stylish at the same time since the recycled RPET polyester has a really nice shine and finish to it.

#4050 is a good guy indeed.

We hope you keep on choosing this hero among our caps.

THE AMERICAN

WEAR THE AMERICAN DREAM

One of our favourite acrylic caps #3920 was given a makeover and received a new suit. Cap #4000 has been a rising star among our newcomers. The marbled American acrylic fabric gives it a very modern look. This premium American acrylic fabric is soft to the touch yet very durable and strong.

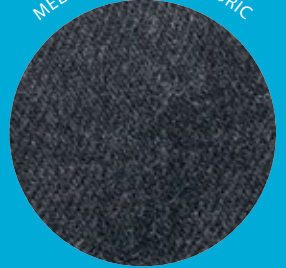

Acrylic has the advantage of keeping its colours better than cotton fabrics when exposed to sunlight for long periods of time. It's also scratch and tear resistant with its strong fibres. Americans do have a reputation of being hard working after all.

The marbled light and dark grey fabrics are retail quality and give the #4000 cap a premium fashion look.

THE SUPPORTER

SPREADS THE LOVE

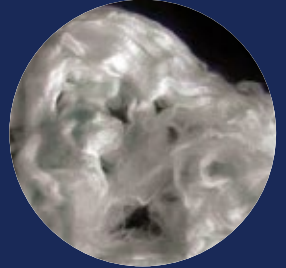

The first baseball caps have been around since 1860 when the Brooklyn Excelsior's wore the first ancestor hats with a short peak to shield their players eyes from the sun. Since then, the classic Brooklyn style cap has evolved into the modern rounded-top baseball cap with a long peak, snap back and button on top.

The floppy ancestors also became more structured with a reinforced front and higher profile to better display the baseball team's logo. The baseball cap was and still is an important symbol, to identify with a sports team and show your loving support. We will continue supporting and supplying you with our favourite American acrylic snap back #4087.

THE MINIMALIST

NOTHING FANCY REQUIRED

We love to cater for a wide variety of needs and sometimes nothing fancy is required. The #4012 is our bestselling cap for the price conscious. We gave it a thin polyester shell to keep fabric cost low – as a bonus it makes the 4012 a very nice summer cap. The thin polyester twill is breathable, doesn't absorb a lot of sweat and dries quickly. The polyester also keeps its colour longer when exposed to sunlight compared to cotton, and the fabric is slightly water repellent against summer drizzles.

The details inside the cap are of simpler materials with a non-woven 2-stitch sweatband and non-woven seam tape. On our more expensive caps we use 4-stitch polo sweatbands and poplin seam tape instead. The minimalist is the perfect summer cap and the polyester has a lovely smooth and sleek finish. It's so minimal and light weight – you'll barely notice it's on your head.

THE AWESOME DAD

WILL FOLLOW YOU WHEREVER YOU GO

Comfort and flexibility are the key words for this awesome dad cap, with a soft unstructured front. It doesn't matter if you accidentally sit on it, throw it in your gym bag, stuff into your fishing gear or fold it flat and squash it into your packed holiday suitcase. This flexible dad cap will look just as fresh coming out the other end of your journey. The soft unstructured front gives this cap the advantage of a longer life, which is also better for the environment.

The premium washed chinotwill makes this dad ruggedly handsome and gives a casual relaxed look, fit for any leisure activity. #4168 is a unique model that comes in fantastic colours like rust orange and mustard yellow not found on any other of our cap models. The brass metal buckle also gives it a quality premium feel. We love this awesome dad cap, just don't forget to take it with you!

THE EMPEROR (IN NEW CLOTHES?)

WHEN AN ORIGINAL GOES MODERN

We took the classic trucker mesh cap and merged it with a sleek modern summer cap, to bring this emperor into the 21:st century - looking fresh. Old meets new in this lightweight polyester cap with ventilating mesh on the back, which makes it a perfect summer cap for hot days.

It's so light and airy that unlike the emperor in the fairy tale you might think you are naked. In the story the mothers must shield their children's eyes when the emperor walks past. In our story this emperor will do all the shielding and protect your pretty eyes all summer long. The #3819 is a mesh trucker cap in a new sleeker design with a modern look.

THE HUNTER

OH DEER, SAFETY FIRST

Many of us remember one of the early Disney movies from our childhood that left us slightly traumatized. If the hunters would have been wearing this high visual hunting cap, maybe Bambi's mom would have gotten away, and we would all have grown up a little happier.

Safety is of course very important and this high visual cap will make your buddies spot you a mile away and you can go about your day worry free.

The #4071 hunting cap is made with luminescent polyester for high visibility. We added a little camo so if you're having a slow day you can always pretend to be a bush.

THE FASHIONISTA

WHEN LOOKS ARE IMPORTANT, LOOK NO FURTHER

Waking up late on a bad hair day and need to go get your morning coffee? This comfortable baseball cap will have all your bases and unruly locks covered. With the premium looking Ottoman twill fabric on this classy model, you'll even make a fashion home run.

Our premium #4120 cap is available in a select few sombre neutral colours that work with everything, so you can't make the wrong choice. The weave of this twill fabric creates tiny holes making the cap breathable which will keep you looking and feeling - cool all day. The structured material on this cap also offers the opportunity to make your own embossed pattern or logo on the cap for a really unique and premium look.

ECORANGE - FOR THE SAKE OF OUR COMMON PLANET!

We are guided by the care for the natural environment in the daily activities of our company. In the production of our products, we try to use raw materials that are environmentally friendly. We set the production process in such a way as to minimize the amount of waste generated, and if it does, then recycle it.

The advertising agencies we work with on a daily basis and their clients require their suppliers to produce products that are environmentally friendly. Our new EcoRange product line is the answer to this demand. These are products (caps and beanies) that are made of 100% recycled fabrics and organic cotton. For the production of our products, we use certified raw materials that have been produced with respect for the environment and employees involved in the process.

The appropriate selection of raw materials is our priority. At every stage of the production process, we try to act in accordance with the principles of circular economy in order to best manage limited natural resources.
